

ANATOMICAL LATCH AND  
HANDLES IN THE SAME  
COLOR AS THE DOOR

## TECNO DOOR

The Tecno door Folding Door is the most robust on the market. It's lightweight, easy to install and exclusive for indoor use.

Made of PVC, it is an excellent choice to divide spaces up, with practicality and economy. It is ideal for homes, offices, stores, clinics and rec centers.

The Tecno door Folding Door has an anatomical latch and handles in the same color as the door, in addition to being resistant to sea mist, humidity and termites.
