- **Speed, practicality and excellent cost x benefit** compared to ceramic, melamine, granite, Formica, wood coatings, among others.

CARE AND TIPS

CARE

Following the recommendations below, you can **extend the durability** of your **Tecnoperfil Protective Sheet**:

- **Use a soft cloth** lightly dampened with water or mild detergent
- To remove stains, **use a mixture of water and alcohol in equal parts**. **NOTE: Continued use of pure alcohol may cause stains on the surface of the sheet.**
- **Do not use abrasive cleaning** materials
- **Do not place hot objects** in contact with the sheet.
- Product for **internal use**
