NATURE

Woodgrain Line

WALL GUARDS AND CORNER PROTECTORS

The Nature Line by Tecnoperfil is designed to meet a new aesthetic and functional standard for hospitals, clinics, and human-centered healthcare environments.

With finishes that replicate natural wood — such as Linheiro, Freijó, and Mogno — this line offers an elegant alternative to traditional wall guards and corner protectors typically available in solid colors.

Inspired by design trends and the pursuit of more welcoming spaces, the woodgrain line emerges as an alternative to conventional neutral tones, adding warmth and sophistication.

TEC 026 N WALL GUARD WITH HANDRAIL (BED BUMPER)

Product for
Indoor Use

 Antimicrobial Protection

 Impact Resistant

 Flame Retardant

The TEC 026 N from the Nature Woodgrain Line combines sophistication and high performance, making it ideal for healthcare environments that value comfort and aesthetics. With a robust structure and 3-in-1 functionality (handrail, wall guard, and bed bumper), it provides efficient protection in high-traffic areas. Its woodgrain finish enhances a more human-centered environment. Manufactured in PVC, it is installed with screws and can include accessories and LED lighting* for low-light areas.

Length: 4 meters

SATIN FINISH CORNER GUARDS

The Nature Woodgrain Line Corner Guards combine sophistication, durability, and functionality, making them ideal for protecting wall corners with an elegant natural wood look. They are perfect for hospitals, clinics, residential spaces, offices, and environments that value aesthetics and comfort. Manufactured in PVC with a satin finish, they provide impact protection and prevent corner wear, eliminating the need for painting and reducing maintenance costs. Installation can be done using double-sided tape or PU adhesive.

Recommended Applications:

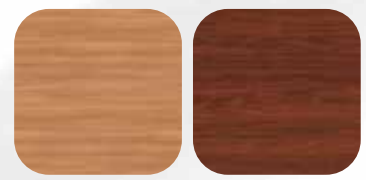

Walls with ceramic finishes, masonry, wood, built-in cabinets, partitions, doors, and elevators.

Models and Sizes:

- TEC 316** – 15x15x1,3 mm
- TEC 029** – 40x40x2,5 mm
- TEC 241** – 19x19x1,5 mm
- TEC 009** – 50x50x3 mm
- TEC 242** – 25x25x2 mm

Lengths: All models are 3 meters

TEC 029 and TEC 009: also available in 1.20 meters (all colors, with or without double-sided tape)
